Natural on Blackmore, North face.

Mt Blackmore
Northern Gallatin
3/30/2020
Code
N-R3-D2.5
Latitude
45.44440
Longitude
-111.00400
Notes

I noticed a grey streak on Blackmore from my house on Baxter so I grabbed some weak binoculars (10x22) and could see a fairly large slide that originated somewhere in the shadows near the summit and stopped just above the trees in that bowl. Plenty big to take someone for a bad ride!
