Remotely trigged small slide in Portal Creek

Portal Creek
Northern Gallatin
3/31/2023
Code
AMr-R1-D1
Latitude
45.28900
Longitude
-111.14100
Notes

We were snowmobiling up portal creek today near the hidden lakes trailhead and I set off a small slide remotely by riding below a small ridge. The slide was about 3 feet at its crown 30 or 40 feet wide and ran about 40 yards. It just came down to where my track had crossed underneath. Everything was fine and we stayed safe and continued on with our plan and had a nice day.
