Whumpfing in Cabin Creek

Cabin Creek
Southern Madison
3/3/2024
Code
Latitude
44.89490
Longitude
-111.22800
Notes

From obs: "We were skiing out of the Cabin Creek cabin over the weekend, mostly in the low angle terrain around Skyline Ridge. Throughout the storm on Saturday and after the clouds cleared on Sunday we experienced consistent whumpfing while breaking trail. Some were larger and some were smaller, usually triggered by the person breaking trail but some of the larger ones were triggered by the second or third skier in the track."
