Easy sluffing Wolverine bowl

Wolverine Bowl
Bridger Range
3/20/2022
Code
L-ASc-R1-D1.5-I
Aspect
NE
Latitude
45.83010
Longitude
-110.93400
Notes

From obs: "2 ski cuts in the top of the bowl and it ran most of the way to the bottom. Skiing next to the path, 4 turns would generate enough sluff that you had to get out of the way. No slab releases but the sluff could knock you down if you weren't looking out for it."

Number of slides
1
Number caught
0
Number buried
0
Avalanche Type
Loose-snow avalanche
Trigger
Skier
