Sledder triggered on Buck Ridge

Buck Ridge
Northern Madison
2/17/2020
Code
AMu-R4-D2.5-O
Elevation
9300
Aspect
E
Latitude
45.17190
Longitude
-111.38000
Notes

"Went out on a recon to Buck Ridge today. New the dangers and avoided riding open slopes. I had been riding trees most of the day down low and moved up to about mile marker 10 later in the day. Did a side hill through open trees and stopped on top of this slope. Watched it all propagate and slide below me."

Number of slides
1
