Wet Loose Avalanches in Argentina Bowl

Date
Thu, 04/11/2024 - 14:05

Driving home from Bridger Bowl I spotted a number of wet loose avalanches in Argentina bowl. It was 1:30 PM when I saw them and the sun was still blazing. I would expect there was more activity as the afternoon progressed.

Region
Bridger Range
Location (from list)
Argentina Bowl
Observer Name
Dave Zinn
