Activity
Skiing

While up there investigating yesterday’s avalanche i noticed a new debris coming out of the lookers left chute on Southeast face a blackmore. got closer to the ridge and noticed this. happened last night or this morning. wind was definitely pumping a change. Directions loading this aspect. debris ran out of side of this picture. 5 feet deep 50 to 100 ft wide and ran roughly 800 feet.

Region
Northern Gallatin
Location (from list)
Mt Blackmore
