

Future concerns for beehive

Date

Sat, 11/12/2022 - 13:00

Activity

Skiing

ECTX on our snow pit on a shaded, west-facing aspect but sun has created a thin crust as well as some pretty large facets on the surface. Looked like wind had collapsed most of them but could cause problems after next storm

Region

Northern Madison

Location (from list)

Beehive Basin

Observer Name

Ethan Brown
