

Wind Slab Avalanches near Zimmer Creek

Zimmer Creek

Cooke City

2/9/2025

Code

SS-R1-D1

Latitude

45.09990

Longitude

-109.88400

Notes

Went skiing north of Cooke City today near Zimmer Creek. I saw a few wind slabs. Some appeared to be skier triggered, some were natural. No other avalanches seen. Moderate to strong wind from the west all day. I saw shooting cracks in obviously windloaded areas.

Number caught
