Northern Gallatin
1/3/2021
Code
C-NC-R1-D1.5
Elevation
10000
Aspect
N
Latitude
45.44440
Longitude
-111.00400
Notes

From obs: "Skied Mt Blackmore this morning. Very windy up in the basin, but calm along the ridgeline. Lots of signs of wind-[loading](#) and drifting on most slopes. I felt/heard 3 collapses while ascending the trees up to the east ridge. Saw a debris pile on the N face, likely from a [cornice](#) fall in the last 24hrs."
