Whumphs and Cracking in Hyalite

Hyalite - main fork Northern Gallatin 2/28/2024 Code Latitude 45.44720 Longitude -110.96200

Skiing some dog pow across Hyalite reservoir between 7200-7800' on a NE pitch I got lots of whumphs and shooting cracks while braking trail. This was a shallower snowpack than most other areas, it was still easy to break into basil facets with skis on.
