

Skier triggered Deep Slab in Lone Lake Cirque

Lone Lake Cirque
Northern Madison
3/30/2023
Code
HS-ARu-R4-D2.5
Latitude
45.27710
Longitude
-111.46400
Notes

There was a large, [deep slab avalanche](#) snowboard triggered in Lone Lake Cirque this afternoon (3/30). The [slide](#) ripped in a secondary start zone below ridgetop, and ran far into the flats, and may have run a bit uphill, where it encountered the rock glacier moraine in the runout. It looks to be a R4, D2.5. Snowboarder walked away unharmed.
